

Thank you very much for your continued support throughout 2023. We've enjoyed getting back to attending conferences, running courses and meeting our customers both in the UK and overseas.

PRICE INCREASE 2024

Technovent is committed to offering high quality speciality products and since 2021 we have absorbed all supplier and raw material price increases without increasing our prices. However due to new constraints on supply chains, and raw material prices continuing to rise we have made the difficult decision to increase our prices from 1st April 2024.

New price lists will be distributed throughout February and would appreciate if these could also be forwarded to your purchasing departments to minimise any order delays.

MAGNACAP COMPATABILITY

We would like to confirm that the Technovent magnetic retention system is compatible with Southern Implants, AHEAD Implants, Nobel Biocare and many more systems.

We would also like to reassure customers that we will continue to sell all Magnacap components for the Vistafix 2 & 3 systems for the foreseeable future.

Our high strength retention system is ideal for use in Orbital, Nasal, Midface or Auricular prosthetic cases.

Please contact us if you would like any further information, catalogues or guidance.

2023 COURSES SUMMARY

We've had a busy 2023 running our first year of Technovent courses since 2019. It's been lovely welcoming many course participants from around the world including Japan, Uzbekistan, Jordan, Norway, Saudi Arabia and the Philippines.

2023-2024 CONFERENCES

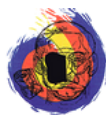

We've had the pleasure of attending multiple conferences and catching up with everyone throughout 2023 including the IAA's Annual Conference in Edmonton, Canada, the IMPT's Congress in Manchester and the AAMP's 70th Annual Meeting in San Diego, California.

Technovent will be attending the following conferences in 2024. We will provide more details closer to the time via our social media platforms.

IAA Conference 2024

IASPE Conference 2024

AAMP Conference 2024

REMINDERS

- Due to unprecedented demand for magnets and recent supply chain delays, we would recommend allowing for a longer lead time when ordering.
- A quick reminder with Christmas fast approaching, we will be closed between Thursday 21st December and Tuesday 2nd January for Christmas and New Year.
- We would like to wish everyone a Merry Christmas and a Happy New Year! Thank you again for your continued support.
